

## Education to the children of Migrant Labourers

Construction labourers from other States such as Orissa, Bihar, West Bengal, Jharkhand, Andhra Pradesh etc. migrate to Tamil Nadu with their children and are working in various construction sites, Brick kiln chambers, Rice mills, Agricultural work and other industrial works. Children of these construction workers are adversely affected being deprived of education. The critical hurdle is that there are no schools exclusively in the languages that they know to speak, write etc. Such children are identified through Survey. Education Volunteers conversant in the language of the migrant labourers are engaged to teach these children.

##### ***Testimonial - 1:***

I am Premadini Bhoi, 9-year-old belonging to the Scheduled Tribe community, from Surda village, Titlagarh Block, Balangir District, Odisha State.

When I was studying IV standard in my native place, my parents (father Debraj Bhoi (40 years) and my mother Gajamati Bhoi (31 years)) were unable to find a job in our native place and hence we were forced to migrate to areas where more job opportunities available. So I was not able to continue my studies.

During 2015, my parents migrated to Tamil Nadu in the month of January and worked at brick kilns in Villivakkam Block, Tiruvallur District. At that time I was sitting idle without going to school. The officials of Sarva Shiksha Abhiyan (SSA), Tamilnadu and education volunteer from Aide et Action, NGO had identified me in chamber site during survey. They enquired about my willingness and encouraged me to attend school. After that I was enrolled in 4th Standard at P.U.P.S Pandeshwaram. My mother tongue is Odiya. There are no such schools exclusively in my language. SSA was engaging teacher with the knowledge of my mother tongue and they were providing proper guidelines to pursue my studies. The Government has provided textbooks in my mother tongue. I received all entitlements like textbooks, uniforms, notebooks, Mid-day meal etc., provided by Government of Tamilnadu. In addition, Sensitization session was also organized to the

inter-state migrant parents and their children by SSA team and NGOs and convinced the parents to let the children go to school.

After completion of work, we returned back to our native place in the month of May 2015. At that time proper transfer certificate was also issued by the head master of the school which enabled me to continue my studies without any hindrance in my native place. I thank all the officials and the Government for having continued my studies, without any break.

In order to ensure her continuance in school, a team of NGO went to her village in Odisha during July 2015 and verified whether she was promoted to 5<sup>th</sup> standard at Surda Government Primary School. This verification was part of the process of reintegration. Teacher of Premadini Bhoi is of the opinion that that the child is very active and regular to school.

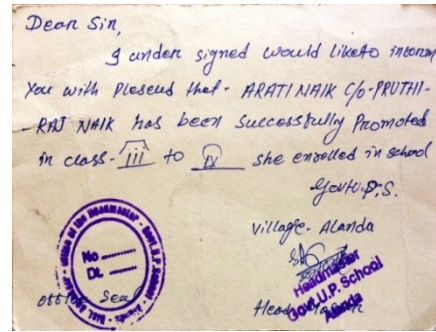

#### Testimonial - 2:

My name is Arati Naik, I am an 8 year old girl from Alanda village, Bongomunda block, Balangir district, Odisha. Every year, our family migrates to different parts of India in search of jobs, by which my education is adversely affected due to intermittent break in schooling.

During the year 2016, my family migrated to Tamilnadu to work in brick kiln Chambers. My father Prustiraj Naik and my mother Jalendri Naik worked in V.B.M chamber, Velliyur, Tiruvallur block, Tiruvallur district. My family members came to know that SSA is conducting survey for identifying children of migrant labourers and providing education to them. Besides, SSA officials and NGO came to our chamber area and identified me. They encouraged me to continue my studies in my mother tongue (odiya). I felt happy and willing to join the school nearest to my chamber area. I got enrolled in Panchayat Union Primary School, RR Kandigai in Thiruvallur district. Separate teacher has been arranged by SSA for teaching my language and textbooks also provided in my mother tongue which helped me to continue my studies when we return to my native place.

My parents were happy about my continuance of study. We all returned back to our native place during the month of April 2016.
